Subject: carrier issues and meeting

----- Message Contents -----

Ray-

we just set up a meeting with Carrier for this Friday at 11:00 am. The meeting will involve the UAO we issued to the company. They have not asked to discuss any information regarding the cost issues, so it's not necessary that you attend. You are welcome. I know you had some items to discuss regarding billing etc. Beth and I can meet whenever you want to get together.

Please let me know.

Thanks

Pete
